

Prepared for: Kinorva — Smart Cooler Solutions

Date: June 5, 2026 | Prepared by: David Smith, S2T Designs

01 — TRADEMARK & COPYRIGHT CLEARANCE REPORT

Word Mark: "KINORVA"

■ **CLEAR — No USPTO registration found.** The name is coined (no dictionary meaning), making it a strong candidate for federal trademark registration. Domain kinorva.com exists as a parked/unclaimed domain with no active competing business. **Recommendation: File USPTO application immediately upon brand finalization (~\$350 filing fee).**

Tagline: "Smart Cooler Solutions"

■■ **MEDIUM RISK as standalone mark.** HAHA Smart Cooler Solutions-US is an active competitor using nearly identical descriptive language in the smart vending space. USPTO will likely reject this phrase as a standalone registration. **Safe as a tagline under the KINORVA master mark — do not attempt to trademark the tagline independently.**

Logo Concept Risk Assessment

#	Concept Name	Risk	Notes
1	Intelligence Trident	■■ Med	Trident shape crowded (Maserati, USB-IF). Different industry reduces risk.
2	Kintu Provision Mark	■ Low	Stylized roots + leaves. Highly distinctive. Recommended.
3	Arva Field System	■ Low	Sprouting field motif — unique execution in this category.
4	Six-Second Halo	■ Low	Circle + prong combo. Clean and distinctive. Safe.
5	Guardian Trident (Shield)	■ High	Shield + trident = most contested combo. Avoid or significantly alter.
6	Orbit	■ Low	Orbit circle with leaf prongs. Distinctive in smart cooler space.
7	Hidden K Mark	■ Low	Stylized K letterform. Clean and strong candidate.
8	Provision Flame	■ Low	Flame + leaf combo unique in vending/cooler space. Safe.
9	Intelligent Vessel	■ Low	Bowl/vessel shape unique in this category. Recommended.
10	Expansion Crown	■■ Med	Crown marks contested. Leaf-crown execution different enough — formal search advised.

■ **Top Recommended (lowest risk + strongest distinctiveness): #2, #3, #7, #8, #9**

02 — SCOPE OF WORK DELIVERED

- ✓ **10 Original Logo Concepts** — Fully rendered identity concepts with mark, wordmark, tagline lockup, and brand rationale for each variation.
- ✓ **Trademark & Copyright Vetting** — Full clearance review of word mark, tagline, and all 10 logo concepts against USPTO records and active competitors.

- ✓ **Brand Concept Sheet** — Professional brand board presenting all 10 concepts with symbolism notes, attributes, and positioning language.
- ✓ **Risk Assessment Report** — Written clearance memo with risk ratings per concept and USPTO filing recommendations (this document).
